**Chester Veterinary
Clinic**
655 Columbia Road
Chester, SC

When Russ White (pictured above) and his wife Gina decided to buy the veterinary clinic that Russ had been working with for thirty years, Catawba Regional and First Citizens partnered together to finance the project. Dr. Lindy Wang, a University of Georgia graduate, is the primary veterinarian for the practice. Chester Veterinary Clinic provides wellness care, surgery, boarding, over-the-counter and prescribed pet medicines. Funding was provided through Catawba Regional's IRP (Intermediary Relending Program) loan program.
