

Building Permit Activity in the Catawba Region

April-June 2012

PO Box 450
Rock Hill, SC 29731
September 2012

INTRODUCTION

The building permit data contained in this report is supplied by local building and planning officials throughout the region. The numbers shown reflect the actual number of permits issued during the second quarter (April-June) of 2012. The value of these permits also is shown. In addition to the permit totals, we have attempted to give local officials some sense of the growth occurring within their areas via the color coded census tract maps that also are included.

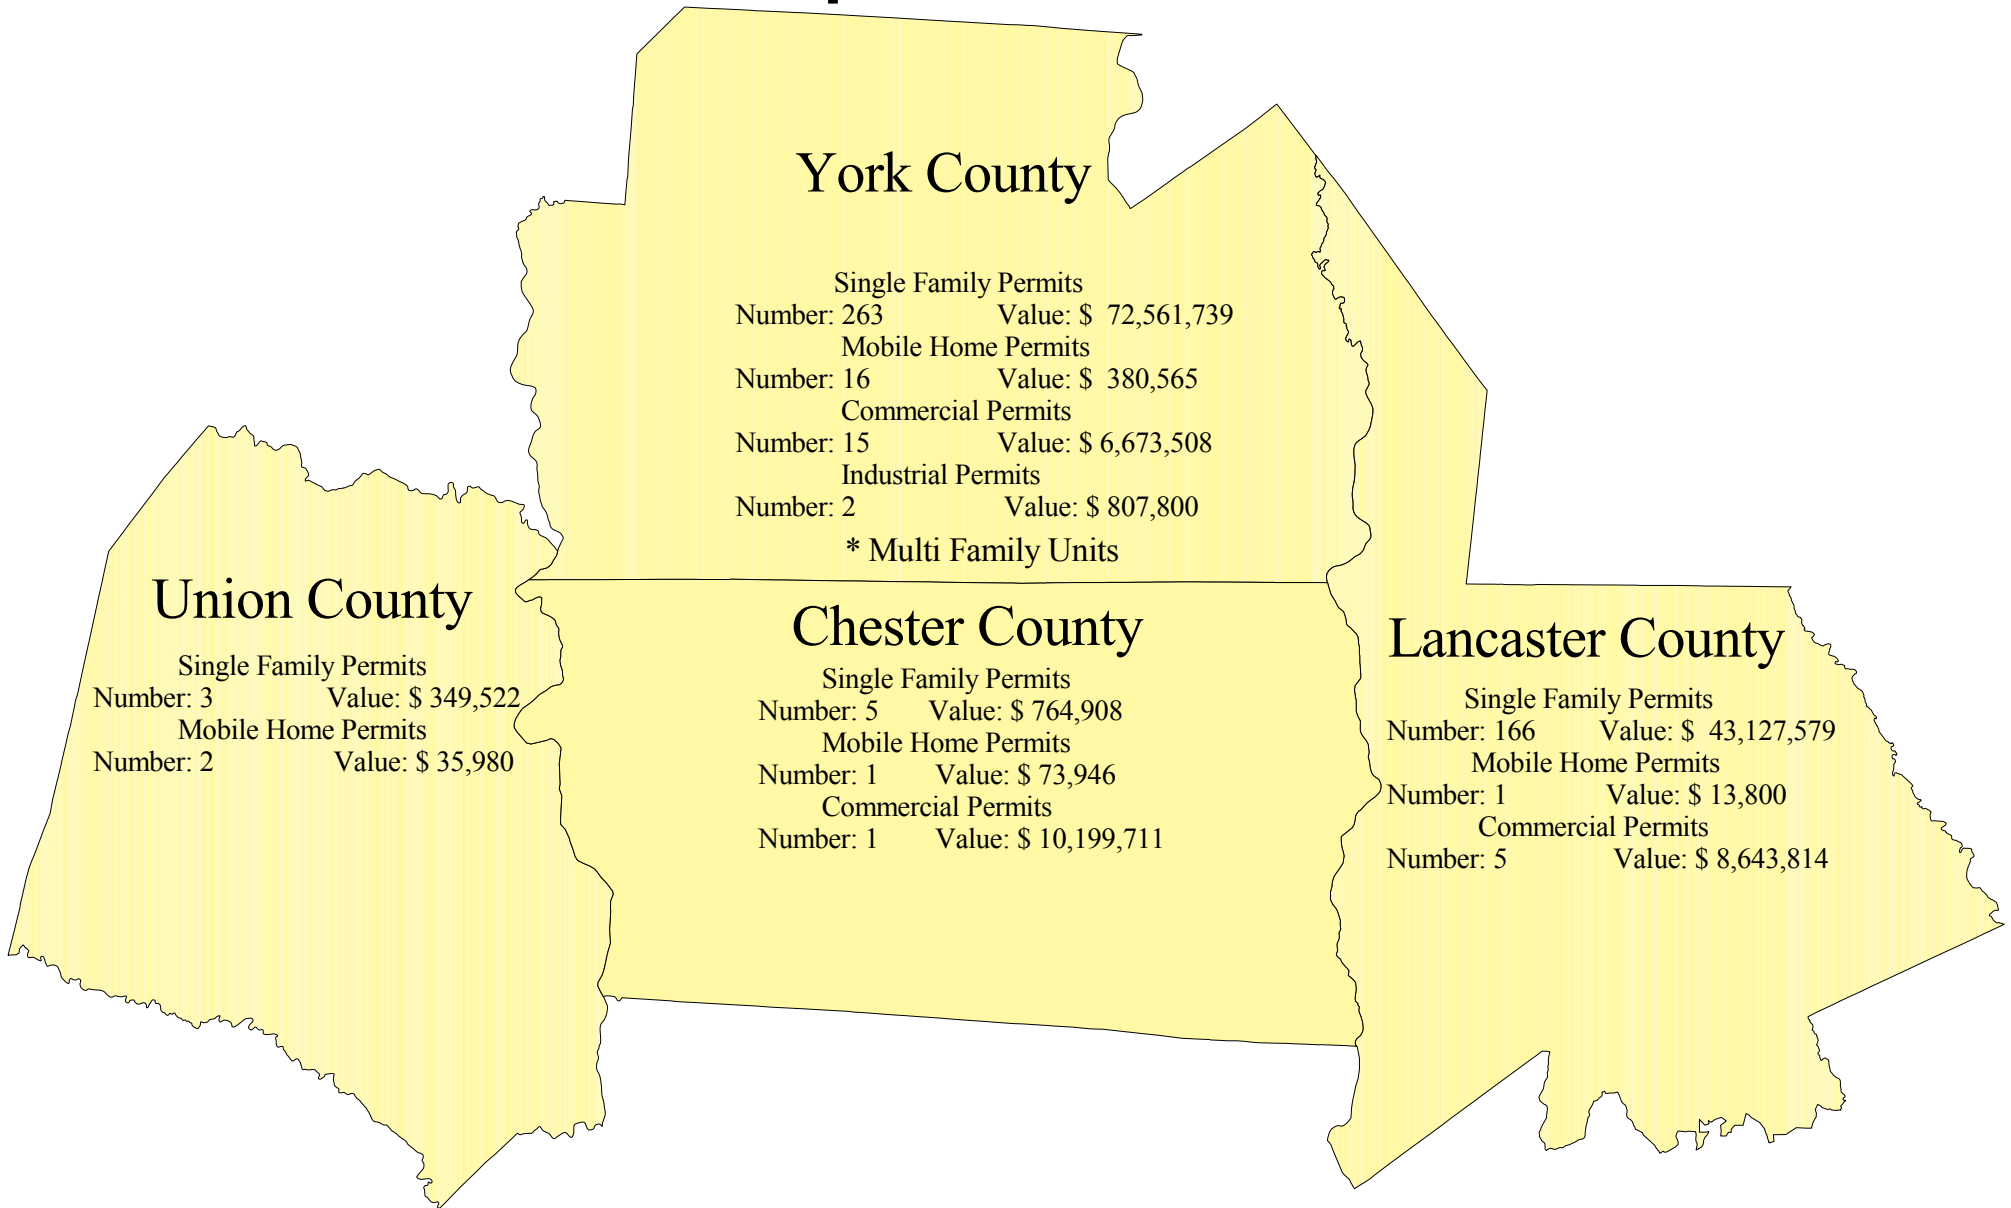

Catawba Regional collects building permit data by county, municipality and census tract for the major residential categories, as well as commercial and industrial. The data we collect is for new construction only with the exception of some industrial permits that represent upgrades to existing facilities. Our computerized database contains permit information from 1996 to the present.

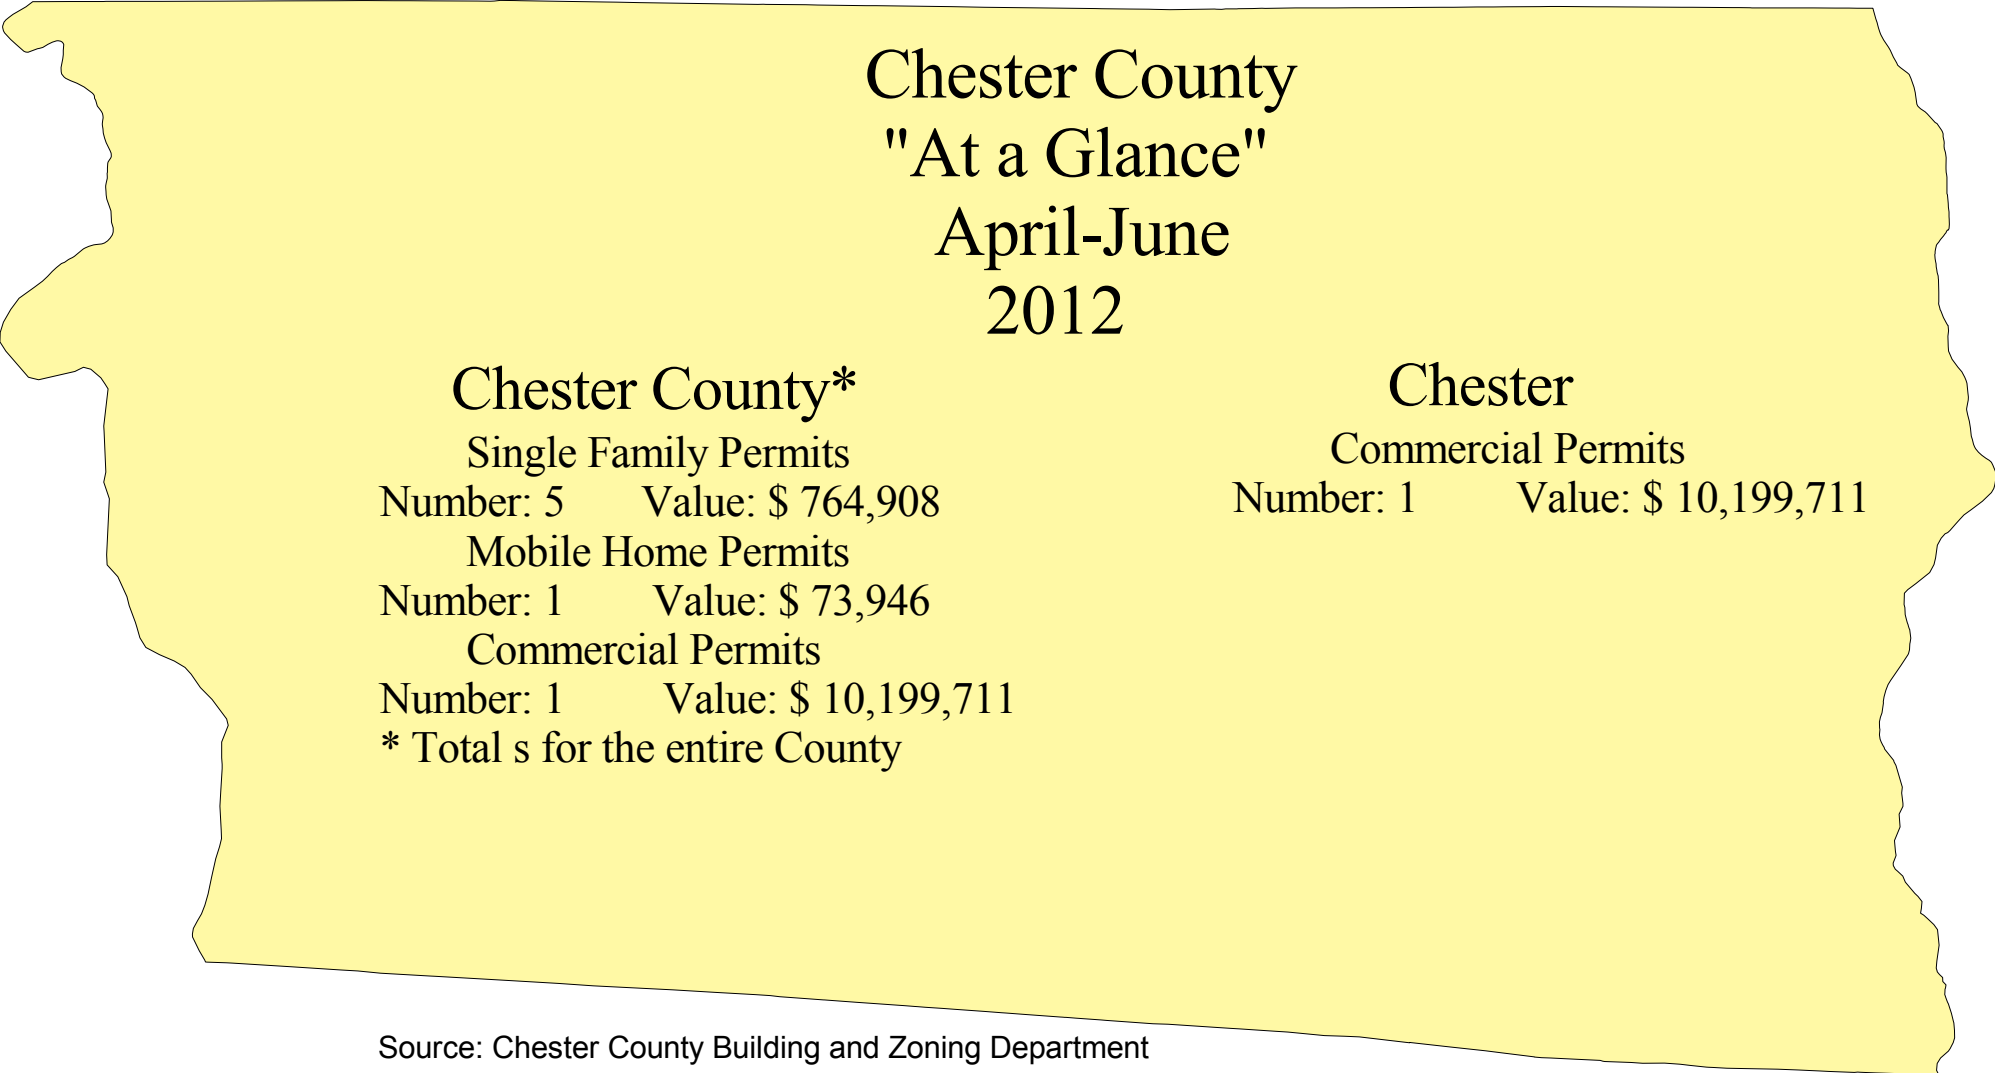

Any questions you may have about the report or our permit database in general can be directed to Mike Vead at (803) 327-9041.

NOTE: Catawba Regional COG does not insure the accuracy of the data presented in this report. Reasonable efforts have been made to validate the data's accuracy.
