

2 DISTRICT STANDARDS DRAFT 9.2.16

2.1 INTENT

For the purposes of this ordinance, the various districts have been categorized as either urban districts as neighborhood mixed-use or rural/suburban districts as rural, transitional, and special districts. In general, standards and provisions for urban districts are designed to create walkable, mixed-use environments whereas the rural and suburban districts are more reflective of the existing, primarily automobile-dependent configuration. In order to implement the intent of this ordinance, there are hereby created several base districts with the designations and general purposes listed under each and the specifically permitted uses, special uses, dimensional standards, and permitted building types included.

2.2 OFFICIAL ZONING MAP

2.2.1 ZONING MAP

- A. Zoning Districts:** The boundaries of each zoning district are shown on a map entitled "Lancaster County Official Zoning Map" which is hereby made a portion of this ordinance.
- B. Overlay Districts:** Certain overlay districts such as the Carolina Heelsplitter Overlay District, Carolina Thread Trail Overlay District, Cluster Subdivision Overlay District, Equestrian Oriented Subdivision Overlay District, Pipeline Overlay District, Highway Corridor Overlay District, and McWhirter Field Aviation Overlay District are hereby established and incorporated by reference.
- C. Administration and Maintenance of Zoning Map:** The Official Zoning Map shall be maintained in the Lancaster County Planning Department. The Administrator shall separately maintain the digital files that comprise the map. All map amendments will also be contained within these digital files.

2.2.2 INTERPRETATION OF BOUNDARIES

When uncertainty exists with respect to the boundaries or districts as shown on the Official Zoning Map, the following rules shall apply:

- A.** District boundary lines are generally intended to be along or parallel to property lines or lot lines or the center line of streets, alleys, railroads, easements, rights-of-way, creeks, streams, or other water channels.
- B.** In the absence of specified distances on the map, dimensions or distances shall be determined by the scale of the Official Zoning Map.
- C.** Where the Zoning Map shows a district boundary dividing a lot, each part of the lot shall conform to the standards established by this ordinance for the land development or overlay district in which that part is located.
- D.** When the street or property layout existing on the ground is at variance with that shown on the Official Zoning Map, the Administrator shall interpret the district boundaries of this ordinance in accordance with Chapter 9.

2.3 DISTRICTS

In order to maintain existing auto-oriented commercial and industrial areas, and conventionally-developed residential subdivisions, there are hereby continued several base districts with the designations and general purposes listed under each and the specifically permitted uses, special uses, and dimensional standards included. The mixed-use base districts are established to support pedestrian and employment centers in accordance with the adopted Comprehensive Plan.

BASE DISTRICT	DESCRIPTION
Agricultural Residential District (AR)	The Agricultural Residential District is established as a district in which the principal uses of the land are restricted due to lack of available utilities, unsuitable soil types, steep slopes, or for the protection of prime agricultural lands.
Rural Residential District (RR)	The Rural Residential District is established as a district where the principal use of the land is for large rural living tracts of property with an abundance of open space, agricultural lands, and a high degree of separation between buildings.
Rural Neighborhood District (RN)	The Rural Neighborhood District is established to protect the residential character of communities and neighborhoods in the rural area at a density of 1.0 dwelling unit per acre. The district is intended to promote rural living, protect farmland, and to maintain the low density residential.
Rural Business District (RUB)	The Rural Business District is established for rural crossroads that represent the small nodes of commercial activity along rural highways. This district will accommodate small-scale businesses, such as gas stations, convenience stores, or restaurants, and serve some daily needs of the surrounding rural population.
Manufactured Home District (MH)	The Manufactured Home District accommodates manufactured homes in a variety of settings, including manufactured home parks, manufactured home subdivisions, and a single-lot mobile home district.
Low Density Residential District (LDR)	The Low Density Residential District is established to maintain previously developed or approved single-family residential subdivisions and their related recreational, religious, and educational facilities at a density of 1.5 dwelling units per acre. Intended to act as a transitional zoning district between rural living and urban development, these regulations are further intended to discourage any use which would be detrimental to the predominately residential nature of the areas included within the district.
Medium Density Residential District (MDR)	The Medium Density Residential District is established to maintain previously developed or approved single-family residential subdivisions and their related recreational, religious, and educational facilities at a density of 2.5 dwelling units per acre. Intended to act as a transitional zoning district between rural and urban development, these regulations are further intended to discourage any use which would be detrimental to the predominately residential nature of the areas included within the district.

BASE DISTRICT	DESCRIPTION
Professional Business District (PB)	The Professional Business District is generally located adjacent to neighborhoods and provides opportunities for the provision of office and professional services that do not adversely impact the surrounding communities.
Neighborhood Business District (NB)	The Neighborhood Business District is generally located on thoroughfares and provides opportunities for the provision of neighborhood services that serve as an acceptable transition to generally auto-dependent neighborhoods.
General Business District (GB)	The General Business District is generally located on thoroughfares and provides opportunities for the provision of offices, services, and retail goods in proximity to generally auto-dependent, community neighborhoods. The regulations for this district are intended to accommodate the predominately auto-oriented pattern of existing development while encouraging the transition to pedestrian-friendly, mixed-use areas that avoid strip commercial development.
Regional Business District (RB)	The Regional Business District is generally located on the major thoroughfares in the community and provides opportunities for the provision of offices, services, and retail goods to meet the surrounding region. The regulations for this district are intended to accommodate the predominately auto-oriented pattern of existing development until such time that transportation network is retrofitted to accommodate more urban development patterns.
Institutional District (INS)	This Institutional District is intended to allow for the continued and future use, expansion, and new development of academic and religious campuses and of governmental and health facilities. The goal is to promote the many varied uses associated with such institutions while maintaining the overall design integrity of the campus setting and minimizing any adverse impacts on the neighboring residential areas. In the attempt to meet this goal numerous requirements are included, such as but not limited to buffers, landscaping, outdoor lighting, parking, signage, building height, setbacks, open space, and the like.
Open Space Preservation District (OSP)	The Open Space Preservation District is established to preserve and protect environmentally sensitive lands (e.g. floodways, wetlands) and properties that are already under public ownership and/or otherwise restricted for use for passive or active recreational use.

BASE DISTRICT	DESCRIPTION
Light Industrial District (LI)	The Light Industrial District is established for activities that can be operated in a relatively clean and quiet manner, and which will not be obnoxious to adjacent residential or business districts. This includes warehousing and wholesaling activities with limited contact with the general public. It is designed to prohibit most heavy industry, which should be properly segregated, and to prohibit any other use which would substantially interfere with the development of industrial establishments in the district. Limited opportunities for retail sales and services are also provided.
Heavy Industrial District (HI)	The Heavy Industrial District is established to accommodate those industrial, manufacturing, or large-scale utility operations that, by their nature, may create some nuisance and which are not properly associated with, nor compatible with, residential, commercial, and service establishments. Retailing of manufactured items may be permitted in certain instances when it is conducted on the same building site as the principal use.
Mining District (M)	The Mining District is established for large-scale operations that extract and process mineral materials. This district may create some nuisance which is not properly associated with, nor compatible with, residential, commercial, and service establishments.
Urban Residential District (UR)	The Urban Residential District is established to accommodate a variety of housing types in a neighborhood setting with a density of 4 dwellings units per acre. The regulations of this district are intended to provide areas of the community for those persons desiring urban-sized in relatively high density neighborhoods within walking or biking distance from mixed-use centers.
High Density Residential District (HDR)	The High Density Residential District is established to serve as a transitional zoning district between rural and urban developments at a density of 8.0 dwelling units per acre. These regulations are further intended to discourage any detrimental effects to the predominately single-family residential areas adjacent to the district that provides for multiple family residential dwellings.
Residential Mixed-Use District (RMX)	The Residential Mixed-Use District is intended to provide for mixed-use transitional areas immediately adjacent to or in close proximity of mixed-use centers that permit some limited commercial uses and a wide variety of housing types in pedestrian-scaled, residential-style structures.

BASE DISTRICT	DESCRIPTION
<p>Mixed-Use District (MX)</p>	<p>The Mixed-Use District is established as a pedestrian-scaled, mixed-use district which caters to the everyday needs of nearby neighborhoods, stressing accessibility by automobiles, bicycles, and pedestrians. This district accommodates an active, pedestrian-friendly area of community-scale commercial, residential, office, and civic uses in both vertically mixed-use, as well as free-standing buildings. Retail should be placed at street level, with residential uses in rear or upper stories.</p>
<p>Industrial Mixed-Use District (IMX)</p>	<p>The Industrial Mixed-Use District is established to promote the development of mixed-use environments supported by artists, craftsman, and cultural activities and may be in transitional areas previously occupied by industrial development. These areas will accommodate limited commercial and institutional uses, some light industrial uses, and a wide variety of residential uses in order to encourage the redevelopment of existing warehouses and the development of a pedestrian-oriented neighborhood.</p>

2.4 DISTRICT DEVELOPMENT STANDARDS

The following tables outline the primary development standards for each base zoning district in Lancaster County. For development on infill lots and additions to existing development, the standards in Chapter 1 shall also apply.

STANDARD	Agricultural Residential (AR)	Rural Residential (RR)	Rural Neighborhood (RN)	Rural Business (RUB)	Manufactured Housing (MH)
1. DEVELOPMENT STANDARDS					
A. District/Development Area (min)	n/a	n/a	n/a	n/a	n/a
B. Development/District Exterior Setback/Buffer	n/a	n/a	n/a	n/a	n/a
C. Density (max)	1 unit/acre	1 unit/acre	1 unit/acre	1 unit/acre	1 unit/acre
D. Open Space (min) per Chapter 7	Exempt	Exempt	Exempt	Exempt	Exempt
E. Park Space (min) per Chapter 7	Exempt	Exempt	Exempt	Exempt	Exempt
F. Building Floor Area (max)	n/a	n/a	n/a	n/a	n/a
G. Development Floor Area (max)	n/a	n/a	n/a	n/a	n/a
2. LOT STANDARDS					
A. Lot Area (min)	1.0 acre	1.0 acre	1.0 acre	1.0 acre	1.0 acre (3)
B. Lot Width at Front Setback (min)	130 lf	130 lf	130 lf	130 lf	130 lf
C. Pervious Surface (min)	65%	50%	50%	50%	50%
3. PRINCIPAL BUILDING					
A. Principal Front Setback (min)	40 ft	40 ft	40 ft	40 ft	40 ft
B. Street Side/Secondary Front Setback (min) Corner	20 ft	20 ft	20 ft	20 ft	20 ft
C. Side (from adjacent lot) Setback (min)	20 ft	20 ft	20 ft	20 ft	20 ft
D. Rear Setback (min)	25 ft	25 ft	25 ft	25 ft	25 ft
E. Other Standards	n/a	n/a	n/a	See Below (4)	n/a
4. ACCESSORY STRUCTURE					
A. Side Setback	5 ft	5 ft	5 ft	5 ft	5 ft
B. Rear Setback	5 ft	5 ft	5 ft	5 ft	5 ft
C. Other Standards	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)
5. PARKING CONFIGURATION					
A. Parking Location per Section 7.2	See Chart 7.2.3	See Chart 7.2.3	See Chart 7.2.3	See Chart 7.2.3	See Chart 7.2.3
B. Parking in Exterior Setback	n/a	n/a	n/a	n/a	n/a
6. BUILDING HEIGHT					
A. Principal Building (max)	35 ft	35 ft	35 ft	35 ft	35 ft
B. Accessory Structure (max)	35 ft	35 ft	35 ft	35 ft	35 ft
C. Additional Height Permitted with Additional Setback	n/a	n/a	n/a	n/a	n/a

1. Accessory structures over 600 sf must comply with principal setback requirement.
2. No accessory structures may be located on corner lots between the street and wall line of the principal structure, unless front setback requirements are provided on both streets.
3. Manufactured/Mobile Home Parks have additional standards that apply to each designated manufactured/mobile home space as required in Chapter 5.
4. For any nonresidential structure which is located immediately adjacent to a single family residential use or district, the lot boundary line minimum distance shall be determined as follows: For every foot building height, the developer shall provide setbacks equal to the height of the building. At no time shall the setback be less than what is indicated in the above table.

STANDARD	Low Density Residential (LDR)	Medium Density Residential (MDR)	Professional Business (PB)	Neighborhood Business (NB)	General Business (GB)	Regional Business (RB)
1. DEVELOPMENT STANDARDS						
A. District/Development Area (min)	n/a	n/a	n/a	n/a	n/a	n/a

B. Rear Setback	5 ft	n/a	5 ft	5 ft	5 ft
C. Other Standards	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)	See Below (1, 2)
5. PARKING CONFIGURATION					
A. Parking Location per Section 9.3	7.2.3		7.2.3	7.2.3	7.2.3
B. Parking in Exterior Setback/Buffer	n/a	n/a	n/a	n/a	n/a
6. BUILDING HEIGHT					
A. Principal Building (max)	50 ft	35 ft	50 ft	50 ft	60 ft
B. Accessory Structure (max)	35 ft	35 ft	35 ft	35 ft	35 ft
C. Additional Height Permitted with Additional Setback	1 ft additional height permitted with each 2 ft horizontal setback		1 ft additional height permitted with each 2 ft horizontal setback	1 ft additional height permitted with each 2 ft horizontal setback	1 ft additional height permitted with each 2 ft horizontal setback

1. Accessory structures over 600 sf must comply with principal setback requirement.
2. No accessory structures may be located on corner lots between the street and wall line of the principal structure.
3. For any nonresidential structure which is located immediately adjacent to a single family residential use or district, the lot boundary line minimum distance shall be determined as follows: For every foot building height, the developer shall provide setbacks equal to the height of the building. At no time shall the setback be less than what is indicated in the above table.
4. The Development/District Exterior Setback/Buffer shall not apply between adjacent LI and HI districts. A waiver of these requirements may be granted by the Administrator for LI and HI lots existing at the adoption date of this ordinance which do not meet the specified minimum District/Development Area. In such instances the building setback standards for the AR District shall apply. A waiver of these requirements may also be granted by the Administrator in order to permit access to an adjacent railroad right-of-way.

2.5 USES PERMITTED

2.5.1 USE CATEGORIES

All uses permitted in this ordinance have been divided into 10 general categories and are generally defined as follows:

- A. Residential:** Premises available for long-term human habitation by means of ownership and rental, but excluding short-term leasing or rental of less than a month's duration.
- B. Lodging:** Premises available for short-term human habitation, including daily and weekly rental. These are measured in terms of lodging units: a lodging unit is a furnished room of a minimum 200 square feet that includes sanitary facilities and may include limited kitchen facilities.
- C. Office/Service:** Premises available for the transaction of general business and the provision of services, but excluding retail sales and manufacturing, except as a minority component (less than 50% of the gross square footage).
- D. Commercial/Entertainment:** Premises available for the commercial sale of merchandise, prepared foods, and food and drink consumption, but excluding manufacturing.
- E. Civic:** Premises available for organizations dedicated to religion, government, arts and culture, recreation and sports, and other similar areas of public assembly.
- F. Educational/Institutional:** Uses and premises dedicated to education, social service, health care, and other similar functions.
- G. Automotive:** Uses and premises accessed predominately by or dedicated to the sale, maintenance, servicing and/or storage of automobiles or similar vehicles.
- H. Manufacturing/Wholesale/Storage:** Premises available for the creation, assemblage, storage, and repair of items including their wholesale or retail sale.
- I. Agriculture:** Premises for growing crops, raising animals, harvesting timber, and harvesting fish and other animals from a farm, ranch, or their natural habitat and all related functions.
- J. Infrastructure:** Uses and structures dedicated to transportation, communication, and utilities.

2.5.2 INTERPRETATION OF USE MATRICES

- A. Permitted/ Prohibited Uses:** Uses not listed as Permitted (P); Permitted with Review (PR); Permitted with Conditional Use (CU); or requiring a Special Exception (SE) are Prohibited (-) from the applicable zoning district and PR, CU, and SE are defined in Section 5.1.1.
- B. Uses Not Listed:** In the event that a particular use is not listed in the Use Matrix, and such use is not listed as a prohibited use and is not otherwise prohibited by law, the Administrator shall determine whether a materially similar use exists in this chapter. Should the Administrator determine that a materially similar use does exist, the regulations governing that use shall apply to the particular use not listed and the Administrator's decision shall be recorded in writing. Should the Administrator determine that a materially similar use does not exist, this chapter may be amended to establish a specific listing for the use in question through the text amendment process established in Chapter 9 and the use definition added in Chapter 10.
- C. Materially Similar Uses:** The Administrator may determine that a use is materially similar if a permitted use is similarly classified by one or more of the following use classification systems:
 - 1. American Planning Association Land-Based Classification Standards (LBCS)
 - 2. North American Industrial Classification System (NAICS)
 - 3. Institute of Transportation Engineers (ITS) Trip Generation Guide
